**Objective:**

Technical wizard currently studying computer programming at Seneca College. I am seeking to gain more hands-on experience through a coop opportunity working in a software or web development-related company. I am driven to develop an answering foundation as my skillsets. I am excited to join a team where I can lead through collaboration and be part of the problem-solving. I am interested in developing simple and user-friendly websites.

**Education:**

- Diploma of Computer Programming and Analysis | Seneca College |Toronto, ON | Ongoing
- Highschool diploma | Fuji Ichiritsu High School | Fuji, Japan | March 2022

**Skills:**

- Programming Language: C, C++, JavaScript, Node.js
- Web Development: HTML5, CSS3,
- Database Management: SQL
- Project Management: Agile
- Version Control: Git
- Apply Software Development Life Cycle (SDLC)
- Language: Japanese, English
- Effective communication and team player

**Project:**Programming Project: Library Application (Final Project)

Developed a library application in C++ for efficient management of library records. Implemented functionalities allowing users to add and remove publications from the list and modify the list accordingly. Minimizing redundancy and optimizing code by utilizing inherited objects, operator overloading, and templates. Successfully testing with a variety of test cases to ensure the application's functionality and performance.

Web Developing Project: Profile Website (Personal Project)

Designed and developed a personalized profile website using JavaScript, HTML5, and CSS3. Applying animation, including the typewriter effect in CSS to enhance the design to be unique but simple. Constructed a user-friendly navigation bar and footer to ensure easy access to the relevant links and information.

**Work Experience:**Stocker | Costco | Scarborough, Ontario |October 2023 - Current

Assisting customers in locating products within the store, coordinating with other branches to source stock when unavailable, and notifying customers accordingly. Collaborating with colleagues to optimize product placement and efficiently stocking items to enhance overall store operations.

Shelf Attendant | No Frills | North York, Ontario | April 2023 – October 2023

Restocked shelves by bringing items from the back storage area and ensured they are properly aligned for customer convenience.

Assisted customer by promptly providing them with accurate information about the location of specific items they are looking for.

Maintained well-stocked and organized shelves, I contribute to positive shopping experience for our customers.

Appliances Sales | NOJIMA | Numazu, Japan | January 2022 – November 2022

Provided exceptional customer service by effectively demonstrating the features and benefits of appliance, addressing customers' inquiries, and addressing any concerns they had.

Negotiated prices and warranties with customers to ensure their satisfaction and achieve sales targets.

Fostered positive relationship with manufacturers to guarantee product availability and timely order delivery, ensuring customer satisfaction.
